Sports Premium Funding

Overview

The government has provided additional funding of £320 million per annum for academic years since 2013 to improve provision of physical education (PE) and sport in primary schools. The Sports Premium is ring-fenced and can only be spent on provision of PE and sport in schools. In the year 2020-21 the premium is £16000 plus £10 per pupil.

The school's Sports Premium lead is James Canniford, Headteacher. He is supported by Laura Sharp (PE Lead) and by Total Sports Coaches.

Sports Premium Funding Allocation for this academic year

Carr Infants will received approximately £17,200 for the 2024/25 academic year. This is made up of:

- A base grant of £16000
- An additional payment of £10 per child (NOR 214)

Our 2024/25 plans to spend this money

- Specialist Sports coaches to support teacher CPD and children's attainment in PE
- Specialist planning to support teaching and children's attainment in PE
- Sports coaches to deliver training for play leaders
- Sport and PE Equipment for lessons and playtimes
- Additional after-school club provision
- Weekly dance lesson for Phase 2 and 3
- Specialist SEN PE resources to facilitate additional physical development sessions for key children
- Resourcing of outdoor education opportunities

Desired impact of the plans for 2024/25

- Access to specialist coaching and planning provides staff with CPD to develop and improve their personal teaching of PE
- Access to specialist coaching provides strong sports provision for the children, ensuring more children take part in physical activity

- Investment in play leader scheme promotes active playtimes and competitive sports
- High quality resources for sport, PE and playtime are consistently available throughout the whole year
- More children take part in non-competitive and competitive sporting events through the continued affiliation with YSSN, after-school clubs, and dance lessons.
- More children, including those with SEN or less active, to access inclusive opportunities for physical activity
- Children to be more aware of the impact of exercise on mental health and wellbeing

How we plan to make sure these improvements are sustainable

- The Total Sports subscription and planning provides specialist coaching to our teachers and staff, providing quality CPD that will help them teach their own PE lessons both now and in future years.
- The Total Sports subscription and planning; after school club offers; and dance lessons provide specialist coaching to our children, providing quality experiences that will help them develop skills both now and to be built upon in future years.
- Investments in PE and play equipment and resources, following damage to old equipment, will sustain quality provision over the years to come.
- Children, particularly those with SEN or less active, are taught strategies to access physical exercise, understanding its link to good mental and physical health. Thereby, raising their potential for effective learning.
- Investments in SEN gross motor skill resources will sustain quality provision over the years to come and provide specialist support to key children.
- Investments in outdoor learning will sustain outdoor provision for years to come.
