## **School Accessibility Plan**

### **CARR INFANT SCHOOL**

#### Introduction

At Carr Infant School our values reflect our commitment to a school where there are high expectations. Children are provided with high quality learning opportunities so that each child attains and achieves all that they are able. Everyone in our school is important and included. We promote an ethos of care and trust where every member of our community feels that they truly belong and are valued. We are a safe school, committed to improve children's confidence, creativity and communication. We know that safe and happy children achieve.

This Accessibility Plan is drawn up in compliance with current legislation and requirements as specified in Schedule 10, relating to Disability of the Equality Act 2010. School Governors are accountable for ensuring the implementation, review and reporting of progressing of the Accessibility Plan.

The Equality Act 2010 replaced all existing equality legislation, including the Disability Discrimination Act. The effect of the law is the same as in the past, meaning that "schools cannot unlawfully discriminate against pupils because of sex, race, disability, religion or belief and sexual orientation."

According to the Equality Act 2010 a person has a disability if:

- He or she has a physical or mental impairment, and
- The impairment has a substantial and long-term adverse effect on his or her ability to carry out normal day to day activities.

### **Objectives**

Carr Infant School is committed to providing an environment that enables full curriculum access that values and includes all pupils, staff, parents and visitors regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs. We are committed to taking positive action in the spirit of the Equality Act 2010 with regard to disability and to develop a culture of inclusion, support and awareness within the school.

The school recognises and values parents/carers' knowledge of their child's disability and its effect on their ability to carry out everyday activities and respects the right to confidentiality.

Carr Infant School Accessibility Plan shows how access is to be improved for disabled pupils, staff and visitors to the school within a given time frame and anticipating the need to make reasonable adjustments to accommodate their needs where practicable.

The Accessibility Plan contains relevant and timely actions to:-

 Increase access to the curriculum for pupils with a physical disability and/or sensory impairment, expanding the curriculum as necessary to ensure that pupils with disability are as equally prepared for life as able-bodied pupils; (If a school fails to do this they are in breach of their duties under the Equalities Act 2010); this covers teaching and learning and the wider curriculum of the school such as participation in after school clubs, leisure and cultural activities or school visits – it also covers the provision of specialist or auxiliary aids and equipment, which may assist these pupils in accessing the curriculum within a reasonable time frame;

- Improve and maintain access to the physical environment of the school, adding specialist facilities as necessary – this covers improvements to the physical environment of the school and physical aids to access education within a reasonable time frame;
- Improve the delivery of written information to pupils, staff, parents and visitors with disabilities; examples might include hand-outs, timetables, textbooks and information and the school and school events; the information should be made available in various preferred formats within a reasonable time frame.

The Carr Infant School Accessibility Plan relates to the key aspects of physical environment, curriculum and written information.

The terms of reference of all governors' committees will include the need to consider equality and diversity issues as required by the Equality Act 2010.

### **Activity**

This section outlines the main activities which the school will undertake, and is planning to undertake, to achieve the key objective (above).

#### a) Curriculum

- The school will continue to seek and follow the advice of LA services, such as specialist teachers, outreach services and health professionals.
- There are regular SEN review meetings with the SENDCo and/or class teacher, Educational Psychologist, other outside agencies and parents/carers. At this meeting targets are set or reviewed and any additional support is planned for.
- Individual Care plans are shared with all staff involved and training is given as needed for administration of medicines and health care procedures.
- All school visits and clubs are available to children; where additional staff training is required school will seek to action this as soon as possible.
- A range of intervention programmes are available to support children to make progress
- All children are encouraged to take part in a range of physical activities

#### b) Physical environment

All entrances have disability access

- There are 3 accessible toilets in school
- o There is a hydraulic changing bench and hoist in the hygiene room
- o There is a disabled parking bay at the front entrance to the school.

### c) Provision of information

- The school will make itself aware of local services, including those provided through the LA, for providing information in alternative formats when required or requested.
- The school liaises with and uses local services including those provided by the LA to support children and their families with disabilities
- Staff have been trained in the use of symbol software and these are used consistently across the school

## **Action Plan**

# Carr Infant School Access Plan

TARGET	STRATEGY	OUTCOME	TIMEFRAME	ACHIEVEMENT
Curriculum				
Training for staff to develop practice in making reasonable adjustments to the curriculum	Staff required to undertake training where appropriate. SLT, including SENDCo prioritise focus areas for CPD	All staff are able to more fully meet the requirements of disabled children's needs with regard to accessing the curriculum	On going	Increased access to curriculum
